A Gentleman From Mississippi

We have arranged to publish this great story of a fight for civic righteousness in the United States Senate, novelized from Thomas A. Wise's immensely successful play by Frederick R. Toombs, and illustrated by Berger, Ryder and Will Jones.

> Portrays Vividly the Conspiracy to Involve a United States Senator in a Land Deal

An interesting phase of national legislation contrasting an honest gentleman of the old school with the practical politician who believes in "honest graft." Will be read with peculiar interest by all who read "The Man of the Hour." Humorous and pathetic by turns, with never a break in the interest which grips the reader in the first chapter.
