TEN'S styles in Clothing change radically from season to season indeed, what is "the thing" one season is quite passe the next. Recognizing this fact, it is our policy never to carry over any goods, but to close them out at the end of the season, regardless of cost. We therefore offer the odds and ends of this season's selling at sharp reductions. While there may be only one or two suits of a kind, there is a complete assortment of sizes and models, so that the tall man and the short one, the stout man and the slim one—any figure—can be fitted and suited.

> Every suit included in this sale is from our regular stock—no cheaply made merchandise bought for the occasion—the same high-grade materials, superior styles, perfect fit and fine workmanship, which characterize all goods we sell.

OUR STOCK MUST BE CLOSED OUT!
