MEN'S SHOES

New fall styles in Men's Footwear are ready. We have several lines, each almost an ordinary storeful in itself. As a basis for investigation and trial, keep these two facts in mind—

There isn't a last that is not comfortable. There isn't a last that isn't in the newest style. And both these facts are founded on good shoemaking through and through—the best obtainable. The leathers are of finest selection, uppers and soles.

Here's a pen sketch of different styles and effects in these fine shoes for men—

A broad, flat, toe-shape Lace Shoe, with flat heels; Junior last; gun-metal calf skin. \$3.50. A semi-straight last; Lace Shoe; medium heel; popular for its neatness; soft velour calf skin. \$3.50.

A Button Shoe; London toe; flat heel; gun-metal and patent colt. \$3.50. A broad, round, toe-shape Shoe; medium heel; our "Pike" last; patent colt and gun-metal; bal., button and blucher. \$3.50 and \$4.

A neat, dressy, medium narrow, toe-shape Button Shoe, with Cuban heel; new last; patent colt. \$3.50, \$4 and \$4.50. A neat, medium "Derby" toe-shape Blucher and Button, in patent colt. \$4.
