The Mind of a Native-

What goes on in the mind allowed by the statute. of a native-born American Communist? What is respon sible for the direction his thinking takes?

tions have been the subject 3912. Federalsburg, Md. of endless discussion. A significant contribution to that discusson has been made by Judge Frank Pcard, of the U.S. District Court, Detroit. The occasion was his sentencing of six Michgan Communist leaders who had been convicted of conspiracy against the government.

The Judge began by saying that it was not his desire to kick a man when he is down, and you people are down". But he went on, "You have been convicted of one of the gravest offenses of which a citizen may be guilty-a plot-a conspiracyto overthrow your government by force and violence... That's akin to treason."

The Communist before the bench, he pointed out, were neither stupid nor ignorant. They had demonstra ted high abilities in various directions. In his opinion, they were sincere believers in Communism, and in the idea that it is the only way to better the lot of the masses of the people. Then he said: "The only trouble with you is that in addition to your own extremely liberal ideas that put every capitalist in the role of a villain, you have been attacked by a virus known as 'Russianitis' and you really are guilible enough to think that if you could get control-with the help of Russia—of this country you would be able to shrug off Russia and then enjoy the millennium....Either that or you believe you would be big shots in this country.

At this point Judge Picard dealt, and highly effectively. with the old claim that Russia has no control whatsoev er ove rtheAmericanCommu ist party and that it is an indigenous organization free of any alien influence. He discussed, in detail, the about-face the AmericanCom munists took when the Nazi-Soviet non-aggression pact collapsed and Germany and Russia went to war. Prior to tnat time, American Communism had urged a strictly isolationist stand for this country. Thereafter, no group was more eager for participation in the conflict. He cited other samples, and said, "The only time you have been wth the United States was when Russia and the United States happened! to be fighting on the same side . . . Your admiration for Russia is so great that there isn't any doubt that there is nothing you } wouldn't do-lie, cheat, or even worse-in order to obtain your objectives."

Shortly thereafter, the Judge made his extremely important statement—and what makes it extremely important is that the Communist always cry that they are

The Uncenstown News being persecuted, Hitler-fa-shion, for their honest convictions. Judge Picard told them: "You really think you are martyrs. But you're not going to jail for your belief. Nor for any books. You can read them all. You're going to jail because you want to force those beliefs on others The Queenstown News, Queens- are not martyrs-you're goats—and Russian goats at

Finally, the defendants were sentenced to prison terms ranging from four to Born American Communist five years, and to fines of \$10,000 each, the maximum
