Saturday, February 3 1940 For Quality

Much good sense and foresi, htedness lies in the recommendation of former Delegate Joe Evans that oysters be packed once and for all in an unreturnable containers and kept there until the bi valves reach either the ultimate consumer or the ultimate retail

For years on end the various ills of the oyster industry have been tossed about in the guise of questions, "What's wrong with better the food the duller and "I the industry?" "What is its possible salvation?"

wer. But the closest reasonable the cargo. Perhaps this resulted reply has stressed the need of re- list, trained and experienced in action Billy Evans, the Red Sox wants, that industry would be quick to initiate ideas leading to- Be brief, and Be seated.
