TRIED AND FOUND WANTING

A girl called on a farmer and offered her services as a shepherdess. "No, no, lassie," said the farmer. "I advertised for a shepherd, not a shepherdess." "I know that, but surely there's no reason why the work should not be undertaken by a woman." "Well, a woman tried it once and made a mess of it." "Who was she?" "Bo-Peep."

Happy Fighting? Judge-Don't you think you and your husband, Rastus, could live together without fighting? Mandy-Np, yer honor; dat is, not happily.

Concrete should not be painted for at least six months after it is laid down. If, however, it must be painted within that time, it may be aged artificially by washing with a solution made by dissolving two pounds of zinc sulphate in one gallon of water.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking - its risk of exposure and infection - throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood. You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling - feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

TEACHING A CHILD VALUE OF PENNIES

A child of a wise mother will be taught from early childhood to become a regular reader of the advertisements. In that way, better perhaps than in any other can the child be taught the great value of pennies and the permanent benefit which comes from making every penny count.
