Dressed for Christening

The bottles of champagne that are used in christening American ships require more than two hours to be "dressed" for the occasion, reports Collier's. They have to be fitted with a 1-10th-inch flexible copper mesh jacket, to keep the glass from flying, and adorned with two tricolored ribbons, each 82 feet long. After launching, the bottle and ribbons are usually stored aboard the vessel to insure lasting good luck.

Kidneys Must Work Well-

For You To Feel Well 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, stany or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.
