----A Spanish paper is prophesying a time when the countries of Europe will, under the title of the "United States of Europe," be one. The prophecy suggests the question of the lady, who, when told that when she was married she and her husband would be one, diplomatically asked, "Which one?"

A story comes from Missouri to the effect that a cat, mourning for her kittens, of which she had been deprived, has mothered a family of mice. It is suspected that President Roosevelt, like the inhabitants of the state from which the story emanates, will have to be shown, or else he will ruthlessly pronounce the tale a nature fake. ----

The waiters in convention in New York have decided not to abolish the tipping system, because the object of their organization is "to raise the social standing and increase the individual culture and refinement o the waiter." It is contended that to do this the waiter must have money for books and paintings and statuary and travel. From this point of view the person who gives the waiter a dime at the close of a more or less badly served dinner can at least have the satisfaction of knowing that he is in the same class of philanthropists with Andrew Car-

Discussing the filthiness of some school children, as shown by recent examinations to determine their physical condition, and the agency of dirt in spreading epidemics, a medical journal calls for "less soup and more soap in our charities." Many pupils, it is found. are not bathed for months and not a new have their underclothes sewed on to them. A "nauseating sour odor fills the room" in which the children are congregated, by reason of the parents' chronic neglect of cleanliness. The neglect is due, of course, to ignorance, but it calls for a missionary movement, our contemporary thinks, both religious and

When the Kidneys fail to perform their functions properly by not straining out the polsonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes her trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidney

Mr. Robert G. Burke, Elnors, Saratoga Co., N. Y., writes:—I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began it I had to get up from 12 to 20 times each night to relieve my bladder. I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I was urged by a friend to try FOLEY'S KIDNEY CURE. One 30-cent bottle worked wonders, and before I had taken the third bottle the superfluous fiesh had gone, as well as all other symptoms of Kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefitted.
