Democrats many of whom because they could not hold office their life time under Democratic rule, withdrew from their mother, and the Re- DeWITT'S Carbolised WITCH HAZEL publican party which is composed of a handful of Americans and a crowd of Africans or negroes—a lot of mongrels. Any farmer will tell you that there is no profit in them. That the thoroughbreds will always pay one better and any one desiring to be successful should raise only thor-

It seems almost superfluous to us, to advise any Democrat to fight this anemy but, past experience has taught us, that there are many voters who do not keep up with the times sufficiently or dive far enough into things political to know what the enemy really is and, these are the people who must be taught to use the weapon at hand. Let each and every Democrat use whatever words they can to explain to their friends what enemy we have to fight and we feel sure the enemy will be ousted from good old Queen Anne's. Begin at once to fight and train others to fight and do not cease until the polls are closed on November 5.

There is a young lady in Philadelphia who deserves the thanks of the nation, a medal from Congress and a niche in the hall of fame. She established a precedent in the treatment of the fool who rocks the boat which, if generally followed, will make those nuisances scarcer than hens' teeth. Alone in mid-stream with a young man who began rocking the boat, in spite of her remonstrances, and who avowed he wanted to scare her, she managed to take him by surprise with a vigorous box The Democratic voters decided on the ears which knocked him over-
