DEDICATION

To the poor women without homes, to the little toilers who should be in the schools and playgrounds, to the white slaves in their tragic bondage, and to the children who die, these pages are dedicated! May every woman who is not too idle to have a thought, or too vain to have a soul, or too rich in gold to have a heart, join in the great struggle for women's freedom!

Purity, Liberty, Justice—these we must work for!

MAYORS FAVOR WOMAN SUFFRAGE

The fifth annual conference of the Mayors of New York State, recently held in Auburn, adopted a resolution in favor of submitting the question of woman suffrage to the voters of New York in 1915.

You cannot fulfill your task without liberty, which is the source of responsibility. You cannot fulfill it without equality, which is liberty for each and all. Your claim to the suffrage is identical with that of the workingmen. Like them, you seek to bring a new element of progress to the common work. You feel that you, too, have something to say, not merely indirectly, but legally and officially, with regard to the great problems which stir and torture the soul of mankind.—Joseph Mazzini.
