Ayer's Sarsaparilla

has had in his case. I think his blood must

have contained the humor for at least ten

years; but it did not show, except in the form

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The numor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect - being now able to do a good day's work, although 73 years of age. Many inquire AYER'S SARSATARILLA. Glover, Vt., Oct. Yours gratefully.
