It vegetable remedies of the forest, and knowing tains 1600 pages, besides 14 splendid steel engravtheir mode of medicinal practice must be one ings, and about 600 engravings on wood. The

tucky, had obtained from the "medicine men" of the Indians. He carefully studied the nature of the medicines used by them, combined them according to the light he had received, used them as he had been taught, and had the cheering satisfaction of finding disease driven from his emaciated body and vigorous health given in its stead. His case was of no ordinary kind, but astonishing to his friends and neighbors. The fame of it spread; the people far and near sent to the doctor for his successful and wondorful combination of Indian remedies; which was freely which, in my second edition, I entirely remod- Table Cutlery, &c. given them, until the cases became so numer. ous and the demand so great, that the doctor justice to himself, to put his Vegetable Tincture in bottles, and charge a price for it which was book. freely given. Finding its way into the first and most intelligent families, and astonishing all by its wonderful cures; commanding certificates and testimony in its favor from the leading and some of the most talented men of the country.

Unparalleled Success. The many cures made by it, and the great it to the afflicted in this county, with the hon- tific and practical Agriculture.
