HAMPTONS VEGETABLE TINCTURE,

M.ICHINE FACTORY, Rheumatism, Dyspepsia, Scrofula, &c. THIS medicine is altogether from the Vege-I table Kingdom, and may be used by any one without injurious consequences, by a wise choice and combination of some of the best of each class of co-operative simple remedies. It fully reaches all the essential organs of the human system, and thus it has proved itself so effectually curative of the whole round of CHRO-

NIC AFFECTIONS. This article was discovered by Dr. Jesse Hampton, now in fine health in the 79th year of his age. He was born in Virginia in 1775, emigrated to Kentucky-then a wildernesswith his father in 1779. In early manhood he was so reduced by disease as to be almost wrecked in constitution. He spentmuch of his living for medical advice and attention, and grew nothing better, but worse. Finding no relief from his physicians, he resolved to try the restorative power of the roots, barks, leaves, plants, &c., of the forest. He then dwelt in the midst of the Red Men of the Western Wilds. Having heard much of their skill in the use of vegetable remedies of the forest, and knowing their mode of medicinal practice must be one of practical experience and not of theoretical speculation, he made himself acquainted with their remedies, and also with their practica? medical knowledge of the early settlers of Ken-

tion of finding disease driven from his emaciated body and vigorous health given in its stead. His case was of no ordinary kind, but astonishing to his friends and neighbors. The fame of it spread; the people far and near sent to the doctor for his successful and wondorful combination of Indian remedies; which was freely given them, until the cases became so numerous and the demand so great, that the doctor was advised by his friends, and induced thro' justice to himself, to put his Vegetable Tincture freely given. Finding its way into the first and most intelligent families, and astonishing all by its wonderful cures; commanding certificates

and testimony in its favor from the leading and some of the most talented men of the country. Unparalleled Success. The many cures made by it, and the great demand, have induced the proprietors to offer it to the afflicted in this county, with the bonest conviction that the same happy results will follow its use here, as in numerous other plac-Vernon Eskridge, Chaplain U.
