"Not how much we brew - - but how well"

puddings, the kind that took hours and hours to make. And here is the

short-cut modern method for reproducing its celebrated flavor—and with no doubts. MINCE MEAT PUDDING

ounce package dry condensed mince meat 1-2 cup water 2 1-2 cups flour 2 teaspoons baking powder 1-2 teaspoon salt 1 teaspoon cinnaomn

1 egg

1 cup milk

1 cup molasses

1 cup chopped suet Break the mince meat apart put in a sausepan with the water, and stir until all lumps are broken. Bring to a brisk boil and continue for three minutes or until mixture is practically dry. Cool. Mix the flour, baking powder, salt and cinnamon and sift them together. Beat the egg, add the milk, molasses, finely chopped suet thoroughly, and add to the dry in-

BUTTERLESS HARD SAUCE 1 1-4 to 1 1-2 cups sifted confection er's (4x) sugar

1-2 teaspoon vanilla 1-4 cup sweetened condensed milk

make the desired consistency. Form mixture into a roll and sprinkle top

with 1-2 a teaspoon of French mus- tablespoons of vinegar and four of To Thanksgiving tard, one pinch of salt, some fresh ley, a little chervil (if desired) two thoroughly chilled.

As a whole, Thanksgiving dinner pretty much the same, year after year, but wouldn't it be a blow if we were to find people serving something other than turkey, stuffing, cranberries etc Why, even the desserts are regulation, though there is variety to some extent. Ah! But the salad, that is different. It is left entirely to the discretion of the housewife. poular indeed, is the Waldorf salad. sometimes varied with chopped raw cranberries. Others prefer such salad as this:

JELLIED CARROT AND PINEAPPLE SALAD package lemon flavored gelatine tablespoons of grated raw car-

tablespoons crushed, drained

amount of water, mix in the carrots gredients. Blend well and pour into and pineapple and pour into indivipudding mold. Remove dual molds or custard cups to jell cover of mold and place the pudding, One package of gelatine will serve uncovered, in a warm oven until the from four to six people, depending on top is not sticky. Ten large por- the size of the salad desired.

Still others prefer a salad of the plainer type. Such as hearts of lettuce dressed with an egg dressing which is made as follows: Chop two hard-boiled eggs, and put in a bowl

They didn't know what gasoline it was...

but the "mystery gas" was Blue Sunoco and 87% of the motorists who tried it proved that it gives

Kaster starting than 54 well-known gasolines

HOW THE "MYSTERY GAS" TESTS WERE MADE

The Ross Federal Research Corporation asked at random approximately one hundred motorists, in 14 widely separated cities, to contribute their services in testing a "mystery gasoline" in their own cars. This gasoline was regular Blue Sunoco, without the blue color. The emptied tank of each car was filled with ten gallons of this colorless Blue Sunoco and, later, the frank and uninfluenced opinions of each motorist were obtained by Ross Federal investigators. Of course, some motorists were found to be regular Blue Sunoco users. They have been

omitted from all compilations. That this "mystery gasoline" was regular Blue Sunoco was certified by the testing laboratories of E. W. Saybolt & Co., a recognized gasoline authority, whose men sealed the gasoline drums at the refinery and turned them over to Ross Federal for shipment to their representatives in the 14 cities.

Here are no empty claims about Blue Sunoco's quick starting; here are facts, truthful, above question, definite proof of this motor fuel's superiority in starting, power and performance, as proved by more than twelve hundred motorists, driving their own cars in states from Massachusetts to Virginia and on west!

WHO MADE THESE TESTS?

Motorists like you and your neighbors, selected at random by Ross Federal Research Corp .: - workmen, clerks, doctors, housewives, merchants and salesmen-all contributed their services for these tests.

BLUE SUNOCO'S QUICK STARTING PROVED!

These motorists-more than twelve hundred of them, driving practically every make of car,-compared Blue Sunoco against fifty-four other gasolines, including eleven premium-priced fuels, and eighty-seven out of every hundred motorists proved to their own satisfaction that Blue Sunoco started quicker than the gasoline they had been using!

How's that for proof? How's that for absolute evidence that this winter the most dependable quick starting you can buy is at the nearest Blue Sunoco pump? Get your test tankful todaybut don't dilute Blue Sunoco with a weaker gasoline and expect Blue Sunoco results. With nothing but Blue Sunoco in your tank, you will start easily and surely, all winter long! Regular Gas Price-of course.

QUESTIONNAIRE Compared to the gasoline you have been using . . . did you get: _ (1) quicker starting? 87% (2) faster pickup? 80 % NES (3) more power on hills? 72% (4) better all-around 95% performance? 95%
