I want to thank the farmers and dealers on the Eastern Shore for their patronage during 1937.

With your same cooperation and patronage, we can make 1938 even better than 1937. A good livestock market is an asset to the community; therefore, I have tried to make my markets the best. With you behind me, I can make these markets even bigger and better.

Let's make 1938 the best year for livestock markets and increase our prosperity.
