COUGH.

The Following Letter from a Well-known Druggist? MT. VERNON, ILL., April 29, 1871.

GENTLEMEN:—I heard one of my customers speak in such high terms of Allen's Lung Balsam to-day, that I thought I would write you the substance of his statement. He says his mother, who is now sixty years of age, has suffered with consumption for several years, and has been under the care of all our best physicians, but never received any permanent benefit; then she resorted to most every kind of Cough and Lung Bal-She still grew worse, until she was confined to her bed and when she was seized with a paroxysm of coughing, she would lose the power of respiration, and they were compelled to resort to various means to restors breathing; as d while she coughed so hard, she could not expectorate anything, and the family and friends had given they would procure and try it. They commenced giving her the Balsam at 5 o'clock p. m., as directed, a dose every hour, until midnight; then she took another spell of coughing, and expectorated a mouthful of dark, yellow matter, which was something she had not been able to do for some time. They continued to give her the Balsam until morning, and then she began to expectorate freely, and within two hours she had an expectorate mucous matter, which gave her immediate re-since that time has continued to improve. She
