JAMES R. MITCHELL begs leave to inform his friends and the public generally, that shoes, of every description. January 11.

The following TRACI'S of LAND, lying in Al-

legany county, Maryland, viz. 1. " Land flowing with milk and honey," containing in the whole about 2747 acres. A great proportion of this tract is in natural meadow, which is intersected by a number of small rivulets; the remainder is heavily timbered. and well adapted to the raising of small grain. It lies about forty miles to the south-west of fort Cumberland, is on the waters of the Great Youghoughany, and about 4 miles distant from the main road leading through Virginia to the western country. The same is divided into small tracts, comprising from 300 to 400 acres each, to suit purchasers.

2. " Good Hope." This tract lies contiguous to the "land flowing with milk and honev." and contains 389 acres, 120 whereof are natural meadow, the residue is heavily timbered, and in the certificate is described "the

first quality land."

3. "Clover Bottom" lies on the Little Crossings, about 3 miles south of Braddock's road, contains 132 acres of land, a part of which is well calculated for meadow, the remainder is weil timbered, and of the first quality. On this tract there is a Grist and Saw mill, both of which might be put into good order, at a very small expence. The Grist mill is three stoies high, and has an excellent pair of country stones; there is also a wheel for a pair of Burrs.

4. " Cornucopia". This tract contains 1100 acres, and is the residence of Mr. Dan. Grant The improvements are, a large and comfortable dwelling-house, and an extensive barn with stabling underneath; a young thriving orchard, and about 100 acres of cleared land under good fencing. Braddock's road passes through said farm, which makes it an eligible stand for a public house, being about twenty-two miles from Fort Cumberland. Few farms in Maryland, the same distance from Baltimore, are more valuable than this It is of the first quality as to soil, heavily timbered, and nearly the one half of it well adapted to timothy meadow; the residue equally well adapted to the raising of wheat, rye, oats, &c. The one-fifth of the purchase money will be required in hand, the residue in five annual payments. Mr. Grant will show the above land to any person who should be inclined to purchase.

JAMES P. BOYD. October 19. Valuable Property.

In fact, no place in the country can be better situated, either for the grazier or planter, for nearly the whole of the farm can be put into meadow, at a small expence. The fishery on this place, in the season, is extremely profitable; and the shores are lined with wild fowl of all kinds. It has the advantage of an elegant prospect of the river and adjacent country, and good water. The distance to Baltimore by land is sixteen miles, and by water tour or five hours sail. These properties are objects well worthy the attention of any person or persons inclined to purchase landed estates so near the growing and flourishing city of Baltimore. It is unnecessary to a d any thing further, as it is supposed those inclined to purchase will first view the premises.
