A LOVE LETTER.

From the Essex Gazette. Oh come to me this very eve, For I am all slone, A weeping by my writing desk, And Pa and Ma have gone; They say that you are going off-That Pa has used you ill; But if he has depend upont His daughter never will!

We had that ugly lawyer here To dine with us to day And Ma took pains to speak to him In her maternal way, She said-no matter what she said-The lawyer grinned a smile, And fixed his bold assuring eye Upon me all the while.

Pa says he has a fine estate, A dwelling rich and rare; And envies much the favored one Who may be mistress there. And Ma declares-though not a word Of all she says is true, That he is vastly more polite; And handsomer than you! Confound their antiquating whims; I'm angry even now; The hot blood of indignant scorn Is mounting to my brow; I hate their hang ty favorite

With lands and wealth untold. Oh what is wealth where love is not? And what is yellow gold? To snoth and warm the human heart When sorrowful and cold; As coldly flash the northern fires To make the night more dreary, So wealth and useless splendor gleam Around the lone and weary! I hate that favorite of Pa's-That lawyer old and grim-I'd strangle him before the priest, Before I'd marry him-I care not for his country seat, And all his dusty land, I hate him and his riches too, He shall not have my hand!

I hate him and his gold-

Though rich as ancient Cræsus

I hope you will not leave me love, Indeed you must not go, For Pa would be in ecstacies, And I should miss you so; Oh, come to me this very night, Before the moon has set, And we will wander in her light, And love each other yet: And we will talk of times gone by, Our earlier hopes and fears, And know again the luxury Of sympathising tears; And we will breathe our vows again, By every boly star, And oh, we will be happy yet, And love in spite of Pa.
