Dear Doctor Morrissey:

In the case of the above-named man, who was examined November 21, 1920, you failed to describe any disabilities whatever in your certificate, yet recommend a rate of \$72 per month. Please amend your report by describing all pathological conditions which you found that have necessitated the aid and attendance of another person.

Is there any disease of the heart? Has he valvular lesions, edema, cyanosis, or dyspnea?

Write your reply hereon and return it in the inclosed envelope, duly dated and signed.

Cordially
