December 21, 1910.

Mr. Mathias Price,
Baltimore,
Maryland.

Sir:

Your claim for reissue of pension under the act of February 6, 1907, filed November 29, 1910, is rejected on the ground that the evidence does not show and you have declared your inability to furnish proof that you were seventy years of age at the date of execution of the declaration, and therefore you are not entitled to a rate in excess of the \$12 per month which you are now receiving under the act of June 27, 1890.

Very respectfully,

Commissioner.
