

walk at a time. From missing  
in his back, and from the  
time he came out of the army up  
to the time of his death I remember  
I saw him he was complaining  
of his back and coughed. While  
I worked with him in the  
house, ~~and~~ he coughed up corruption  
yellowish matter. He appeared  
to me to have consumption.  
I don't remember the year  
he died, but I visited him in  
his last sickness.

I have no knowledge of  
having remained or of her being  
with any man as his wife  
since her husband's death.  
She rents the house she now  
lives in, and lives with her  
mother.

I have made several affidavits  
in this case but have no interest  
in it.

I have heard you read <sup>my</sup> two <sup>official</sup>  
affidavits in this and whether they  
do not agree with this statement  
they are not correct.

I think I have understood your  
questions and that you have  
correctly recorded my answers  
in this deposition.
