DIRECTIONS.

Doctor: Please state when (the year at least) you first treated the soldier, what you treated him for, and how many years thereafter you continued to treat him and give him medical advice, giving a full medical history of his disease and its progress, whether he has grown better or any worse. If at all possible, give dates and duration of all treatment administered; your books will help you. If the case appears to have been one of long standing, and chronic, please say so. If his disease has been aggravated by intemperate or other bad habits, so state. If you have treated him for more than one disease, please follow these instructions for each. And particularly, doctor, give your opinion as to the degree or extent (1/4, 1/2, 1/2, etc.,) to which he has been disabled for labor during your knowledge of his case.

That I attended William Smith at different times for chronic Rheumatism which disabled him for hard labour I also attended him in his last illness from which he lingered many weeks and died from exhaustion consequent upon chronic inflammation of the stomach and bowels, producing almost constant nausea and diarrhea, not being able to retain nourishment sufficient to sustain life he died in 1881 -

But ONE affidavit from each doctor.

I further swear that I am not interested in this claim for pension.
