

MEDICAL AFFIDAVIT.

This affidavit can be used by Regimental or Assistant Surgeon, or any physician who can testify in any way in behalf of claimant. The affidavit should, if possible, be in the handwriting of the Surgeon or physician testifying, and should embody all the facts in affiant's possession as to the origin and continuance of claimant's disability. The dates of treatment should be especially set forth, and also affiant's means of knowing the facts to which he testifies.

STATE OF Maryland COUNTY OF Talbot SS

In the Pension Claim No. _____

of Ann widow of John Blackwell
late a Sgt in Co. B of the 7 Reg't of Ind Vols.
Company and Regiment of service, if in the Army; or Vessel and Rank, if in the Navy.

Personally came before me a Justice of the Peace in and for
the aforesaid County and State, D. J. Wilson M.D., a citizen of
Easton Md, whose Postoffice address is Easton, County of
Talbot, State of Maryland well known to me to be reputable

and entitled to credit, and who, being duly sworn, declared in relation to aforesaid case as follows:

That he is a practicing physician, and that he has been acquainted with said soldier for about 4 yrs
years, and that he attended him as follows:

Here state all the facts known to the affiant in accordance with the marginal instructions. No erasures or inter-

lineations are allowed unless the Magistrate certifies in his jurat that they were made before the execution of the paper.

First during Dec (12th) 1904, one week for
influenza of a mild type. Claimant soon
recovered. He noted that he had valvular
(chronic) heart dis

next time was May 6, 8, 9, 1907 for grip
again. Next time was Aug 10, 11,

12, 15, 16, 17, 18, 19, 20, 21, 22 & 23 1908 this
time he had malarial fever. Condit
ion of heart worse showing an edema
of ankles & feet, which was reduced
by dig. Digitalis.

Last time was Nov 20, 21, 22, 23, 24 & 25
1908. This was a case of scleros. liver
causing marked ascites. Of which
he died Nov 27, 1908.

John Blackwell, led a useful life, was
quiet & respectful in manner. Went to
his family & worked nearly all the
time. He lived 7 miles from Easton
and in a neighborhood where I saw
him frequently.

His heart disabled him about 1/4 during
the four years i.e. he could not do hard
labor at all & sometimes none.

He was sick at times that I heard of
without having any treatment other
than simple home remedies.

NOTES
The physician, in order to cover the required points, should read carefully the following notes, and unless they are complied with the affidavit will be worthless and ineffective.
1st. Whether or not he knew the soldier prior to enlistment; the length of time he has known him; how intimately and what opportunities he has had of observing his physical condition; whether as his family physician or as a neighbor, and how near he has lived to him. If he knew that the soldier was a sound man at enlistment, he should so state, adding, if true, that had he been unsound he would have known it.
2d. If he treated claimant while in the service, either as his regimental surgeon or while claimant was home on furlough that fact should be stated. The claimant's physical condition at such times should be clearly shown, as well as the NATURE OF HIS DISABILITY and dates of treatment.
3d. If he has treated soldier since discharge, he should so state, giving the date of his first treatment; what his physical condition was at the time with complete diagnosis of the disability; the period during which he treated him should be stated, with dates, as nearly as possible, of the prescriptions.
4th. Affiant should take especial care to state, to the best of his recollection and ability, to what fractional extent claimant has been disabled for performance of manual labor, whether 1/4, 1/2, 3/4, or entirely during each year, from discharge to the present time, or such time as affiant's testimony covers.
