

Wilmington, Del.

Respectfully returned.

Witness says that
Sister Lamm, Linford
a little, when he first
saw him right after
discharge, thinks within
2 or 3 weeks, that he
lived some 5 or 6 miles
from him for several years
after discharge and he
only saw him occasionally
when "he came up against
him at Easter" etc
that he always linford
when he did see him,
that soldier never in
his neighborhood a few
years before he died and
his Lamm's grew more
so that he walked on
crutches the last year or two.
Did not see soldier
while at that while
living near him he was
unable to do anything but
whittawing and tending
garden on account of
his Lamm's.
