

Sept 24th 1915-

Dear Sir

I enclose my marriage license as that is all the proof that I have as the minister is dead and it were none but us three present and if I had not of been married to John W. Smith I would not have applied for pension for I do not believe in fraud as I have to much principle for that and I know that governments work is nothing to do wrong with I do not know of any thing else

Widow of
John W. Smith
