

(3-111.)

Attention is invited to the outlines of the human skeleton and figure upon the back of this certificate, and they should be used whenever it is possible to indicate precisely the location of a disease or injury, the entrance and exit of a missile, an amputation, &c.

The absence of a member from a session of a board and the reason therefor, if known, and the name of the absentee, must be indorsed upon each certificate.

Insert character and number of claim. original Pension Claim No. 796,727
[State above whether for original, increase, or restoration.]
 Name and rank of claimant. John W. Smith, Rank, _____
 Company E, 19th Reg't U.S.C.I., U.S.A. Baltimore, Md State,
[Post-office address of the Board.]
 Claimant's post-office address. 1015 Race St Sept 20th, 1895
[Date of examination.]

We hereby certify that in compliance with the requirements of the law we have carefully examined this applicant, who states that he is suffering from the following disability, incurred in the service, viz: disease of head from fracture of skull, neuralgia
headache - vertigo - chronic bronchitis, asthma + gen. debility
 and that he receives a pension of _____ dollars per month.
If a pensioner, fill in the amount; if not, erase the whole line.

He makes the following statement upon which he bases his claim for original
[Original, increase, restoration, &c.]
He has misery in head + breast and vertigo -
Has bronchitis bad at times
Here give the claimant's statement as briefly and as compactly as possible.

Upon examination we find the following objective conditions: Pulse rate, 78; respiration, u; temperature, u; height, 6 feet 3 1/2 inches; weight, 160 pounds; age, 48 years. Gen Physical condition good
disease of head from fracture of skull and neuralgia -
over the suture of the frontal and left parietal
bones there is a scar of one-half inch in length
with some loss of tissue but no contraction
The integument immediately surrounding the
scar to the extent of two inches is sensitive. There
is a neuralgia of the scalp from this wound
This is not the result of fracture but wound
of the integument - Rate 4
Headache - There are no objection symptoms of head
ache other than described above.
Vertigo - There are no objection symptoms of vertigo
Chronic bronchitis - There are no objection symptoms
of chronic bronchitis
Asthma - There are no objection symptoms of
asthma. The lungs are normal.
General debility - There is no objection evidence
of general debility
No other disability is found to exist
Here give a full description of the disabilities, in accordance with Book of Instructions.
The actual or probable origin of every existing disability must be fully set forth. Whenever a disability is shown, or is believed to be due to or aggravated by vicious habits the opinion of the board must be stated. When not due to such habits this fact must be stated.

W. H. Johnston, Pres. W. S. Jarrett, Sec'y. V. C. Ireland, Treas.

N. B.—Always forward a certificate of examination whether a disability is found to exist or not.
