Poverty and Wealth .- An aristocracy of ivealth is impossible in a country where the property of an intestate father is divided equally among his children. An aristocracy of poy. erty is quite as impossible, and equalty undesirable. If wealth is no recommendation, so neither is poverty; and if poverty alone should not diminish the respect paid to honor, virtue and talents, so neither should wealth. The envy therefore, which makes a mean spirit hate another's success, even though allied to shining merit, is as unbecoming as the servile selfabasement which worships at the altar of Mammon. Let us banish from our minds both these ignoble prejudices, and bestow respect wherever we recognize merit. Let us pay most deserence where we meet most desert, and allow most influence to those who use

Prevention of Cholera. - Jennison, of Cambridge, has published in the Boston Courier, a communication, with direction for prevent Why dear,' said his wife in a kind entreating the cholera. His prescription is rigid fasting for 48 or 60 hours, when persons are afflicted with bowel complaints, which generall, precede cholera. Pure water, or tea or colfee, may be taken freely. He says in six or seven cases out of eight, the disorder will yield to this remedy. In cases where it does not, after two or three days, medical aid should be called. The doctor states that he was assured by the late Dr. Marshal Spring, that he had never till 70 years of age, been afflicted by any malady which he did not overcome by al-
