PARIS, July 29 -On Saturday morning, all possible for him, with the opinions which he many persons were thrown down and much whole number of this outcast race is estimated in the country, beg, buy or steal a fishing rod died in 1797, leaving property to the value of and line, and a fowling piece, &c .- and thus half a million sterling, which by his will was The author concludes with the following properly armed and equipped, sally forth with to go on accumulating, and not to be distribu desperate intent to wage war against trout, ted until the lapse of three generations, in or-"What a painful subject of reflection it is pickerel, perch, pidgeons, partridges, snipes, der that the amount might be enormous when dons or commutations of their sentences were church of Ireland, the more he was convinced sengers, and we all then began to hope our lives to think of so large a portion of the human squirrels, or woodchucks. Dive into the for- it was divided. The family of the deceased race, thrown as it were beyond the common ests, scramble through bushes, wade through by this singular whim, have been left poor and risdiction of the Royal Court at Caen, confined measures in the absence of a better. For three After some time I got all my family near rights of nations; so many men wandering a quagmires, ford rivers, and whether you are destitute, and some measures have recently for various terms for different offences, amongst years past the ministers of the church of Ire- the place where the landing was effected; my bout without any claims which can attach them successful as a sportsman or not, you will be been proposed in the British Parliament, to whom are seven of those confined at Mont St. land had received no tithes, and they were poor children I threw towards the shore and to the soil; encamping in places remote from sure of the exercise, which is an important ob-Michael, four having received an entire remis now depending on the government, and a vote most providentially they were all caught by civilization; living by thest and deception; and ject gained. If you should chance to be will. It was expected, that the property would sion of their punishment, and three a dimuni- of the other House of Parliament for their one or other without any accident. Mrs. T. every where diffused, notwithstanding the dropped at a Hotel near the sea shore, flounder amount to ninety or a hundred millions, at the tion of one year of the term of their condemna subsistence. It might be asked whether the following, they all got safe to land, and my persecutions and contempt which are heaped through the marshes, and endeavor to exterminate the entire species of ducks, plovers, the Lord Chancellor in his remarks in Parlia-&c. Charter a fishing boat, and scrape ac- ment, that the increase thus far, had been so timed to flock yesterday to the Place Vendome to see the statue of Napoleon. The danger of human lives as well as property by fire, is model of the Obelisk of Luxer is also an ob must be altered in order to afford relief to the left the ship as well as the others. A not of unfrequent occurrence in this country.

NAVAL.—We have received a letter from a friend on board the U. S. ship Natchez, dated nited States; the former as soon as relieved

We learn from another source that the Natchez sailed from Rio on the 12th July, all well on board; and that the Enterprize was on a three months' cruise to the northward, to return to Rio at the expiration of that time. The following is a list of the officers on board the Lexington, at Rio de Janeiro, 12th

M. T. Woolsey, Esq., Commander-in-Chief. T. D. Shaw, Flag Lieutenant to the Com.

J. Mckeever, Commander of the Lexing. Joseph Myers, First Lietenant; John Ru-Little, 4th do; J. Stallings, 5th do. G. C. Williamson, Sailing Master.

Peter Christie, Surgeon of the Fleet. A. J. Watson, Purser. J. J. Mendenhall, Secretary to Commander

George Talbot, School master. Frederick Poor, Captain's Clerk. Wm. L. Vanhorn, Assistant Surgeon. Midshipmen-J. R. Brown; H French; J.

Wm. Benger, Boatswain. J. Cooper, Gunner. M. S. Lee, Carpenter. Wm. Ward, Sail-maker. Our correspondent also informs us that they
