THE excellent young Jack INDEPEND-ENCE, raised in Kentucky, by the gentleman who raised the fine mules owned by Edward N. Hambleton, Esq. and of the same stock, will stand the ensuing season at the Chapel, on every other Monday, Tuesday and Wednesday, and at the subscriber's farm, the remainder of the time. Being young he will be limited to 20 mares. -TERMS-

Seven dollars the season, to be discharged by five, if paid by the 25th October. Insurance \$10, but \$8 will be received in full, if paid by the 1st of April 1835. EXTRA TELEGRAPH.

Feeling that a crisis has arrived, when it becomes the duty of every friend of his country to offer up his prejudices and his personal interests, so far as they are in conflict with the great end of redeeming the Government from the misrule which threatens the overthrow of the best interests of society, and believing that the establishment of some organ of communication, through which the advocates of constituonal law can address the public intelligence, at a price within the reach of every citizen, is essential to its accomplishment, the subscriber proposes to publish a semi-monthly

EXTRA U. STATES TELEGRAPH. To consist of sixteen large octavo pages, at the reduced rate of five dollars per annum, for five copies, or at the rate of one dollar and fifty cents per annum, for a single copy.

It is intended to constitute a medium through which the ablest pens may address the poople, and all such are invited to contribute. It is especially recommended to the consideration of the State Rights Societies now springing up in every State of the Union, and will embody the leading facts, documents, and arguments, upon which the success of the principles which give them life, depend. In a word, its great end will be to harmonise conflicting opinions, and by promoting a surrender of political prejudice and personal intersts, unite those who disapprove of the manner in which the Government is now administered, in a common effort to rescue the institutions of the country from the destiny which, in the opinion of all intelligent and disinterested persons, otherwise awaits us. With a view to enable subsequent subscribers to obtain the whole series, the first numbers will be stereotyped, and new editions issued as

the subcriptions may be enlarged. Editors with whom we exchange will do us a favor by noticing this proposition, and all persons who desire its success are requested to obtain subscribers.

All subscriptions must be paid in advance. The first number will issue as soon as five housand subscribers are obtained. DUFF GREEN.

PROPOSAL FOR PRINTING THE JOURNALS OF THE CONVEN-TIONS

OF THE PROVINCE OF MARYLAND, Held in the City of Annapolis in the years 1774, 1775, and 1776.

The subscriber proposes to publish the Journals of the Conventions of the Province of Maryland in the years 1774, 1775 and 1776. believed that there is but one complete copy of these Journals now extant; and from the circumstance that they were printed in pamphlet form, and unbound, it may be fairly concluded that it too, must in a few years be destroyed by the mere decay of time. They are the only authentic evidence of the Political History of Maryland, during that interesting and unquiet period. Although we have, in abundance, histories of Maryland, as connected with the association of Provinces and Colonies, at that time formed for mutual protection against the improper assumption of power on the part of the Mother Country, yet none of these works embrace what may be termed the Domestic and

Internal Political History. This part of the history of Maryland it should zens, during this period of doubt and dismay.
