PROPOSAL

FOR PRINTING
THE JOURNALS OF THE CONVENTIONS
OF THE PROVINCE OF MARYLAND,
Held in the City of Annapolis in the years 1774, 1775, and 1776.

The subscriber proposes to publish the Journals of the Conventions of the Province of Maryland in the years 1774, 1775 and 1776. It is believed that there is but one complete copy of these Journals now extant; and from the circumstance that they were printed in pamphlet form, and unbound, it may be fairly concluded that it too, must in a few years be destroyed by the mere decay of time. They are the only authentic evidence of the Political History of Maryland, during that interesting and quiet period. Although we have, in abundance, histories of Maryland, as connected with the association of Provinces and Colonies, at that time formed for mutual protection against the improper assumption of power on the part of the Mother Country, yet none of these works embrace what may be termed the Domestic and Internal Political History.

This part of the history of Maryland it should be her pride to hand down to posterity, not only on account of its deep interest, but as a public State Record of the voluntary sacrifices, daring spirit, and determined resolution, of her citizens, during this period of doubt and dismay. In the confident expectation that the citizens of Maryland will consider the proposal publication of sufficient importance to entitle it to their patronage, the subscriber is induced to issue this proposal.

J. GREEN.
The JOURNALS will be printed in one or two volumes, on good paper, and with a new type. Price, per copy, two dollars.

Congressional Globe.
In the sheet (which will be found at the several Post offices at which we have subscribers) is presented a specimen of the paper and typography, through which, after the meeting of the next Congress, we propose to mend the appearance of the Globe. No other newspaper in the United States will be found, after that period to surpass, and very few to equal, in beauty of its execution, with process types, and "all appliances to boot." We trust the unremitting efforts which we have made as our gradually increasing means have permitted, to render it worthy of the encouragement they have afforded, will be taken a proof that we are not wanting in grateful feeling for past support, nor in the spirit to deserve and win it, for the future, however we may fall in the requisite ability.

The present enlarged and improved publication, which will be given to subscribers, annexed, will be given to subscribers, after the 1st of December, on the same terms on which the Globe has hitherto been furnished to subscribers.

In addition to the Daily and Semi Weekly, and Weekly, heretofore issued, it will be observed, that we propose to publish "a Congressional Globe," exclusively devoted to the proceedings and debates in Congress. This paper will be printed at the close of every week, during the session of Congress, and will contain, in regular series, a succinct and clear account of the proceedings of each day, together with a brief and condensed report under discussion. In preparing these outlines it is our purpose to employ industrious Reporters, who will take Lloyd's Reports of Debates of Congress of 1789, as a sample for imitation—and will also avail themselves, whenever it is permitted, of the notes of the speakers themselves, to prepare the sketches.

We will also endeavor, if the space will allow, to give, in the Congressional Globe, the more elaborate and finished orations upon questions of great moment, as prepared by members themselves, for the public. We hope to be able to effect this, by using brevity type, and the greatly increased page now presented to affording this weekly paper at the rate of one dollar, for all the numbers printed during the session, we may boast of affording the most important information, at the cheapest possible price; and we look for a remuneration for our labor and trouble, in a very minute profit, upon a very extensive sale and circulation of the numbers. That the subscription should be paid in advance, is therefore, rendered indispensable, and we throw ourselves upon the generosity of our friends, and ask the favor of them to volunteer their exertions to favor our object—and we especially solicit from the Editors with whom we exchange, a gratuitous insertion of this notice, together with the annexed terms.
