Carey's Library

To say that this is a reading age, implies desire for instruction, and the means to gratify that desire. On the first point, all are agreed; on the second, there is diversity both of opinion, and of practice. We have newspapers, magazines, reviews, in fine, pamphlets of all sizes, each number contains more really valuable a Title Page and Index, expressly for binding on nearly all subjects, which have severally reading matter than is published in a week in and will make about 200 pages. The first their classes of readers and supporters. And any daily paper in the Union .- Its mammoth number of the Third Volume will be published yet, copious as are these means of intellectual) supply, more are still needed. In addition to the reviews of ic day, and passing rotices of to republish in its columes, in the course of books, the people, in large numbers, in all year, several of the most interesting new works arts of our great republic, crave the possession that issue from the British press; which canno \$1,00 in advance, All notes on solvent Banks of the books themselves, and details, beyond der it worthy of preservation. To meet the free of postage Persons obtaining 5 subsecricovery in art and science. But though it be wishes the clore, of such of their subscribers bers and forwarding the money, shall receive easy to ascertain and express their wants, it is as desire to have their numbers bound, they a copy for trouble. not so easy to gratity them. Expense, dis- have determined on issuing an edition of the W-All Editors, Postmasters and officers of tance from the emporium of literature, engrosing occupations which prevent personal application or even messages to libraries and book sellers, are so many causes to keep people its value. away from the feast of reason, and the enjoyments of the coveted literary ailment. It is the aim of the publishers of the Library obviate these difficulties, and enable every individual, at a small cost and without any personal effort, to obtain for his own use and ila of his favored friends or family, valuable works complete, on all the branches of usefu and popular literature, and that in a form well adapted to the comfort of the reader.

The charm of variety, as far as it is competible with morality and good taste, will be held innstantly in view in conducting the Library, to fill the pages of which the current literature of Great Britain, in all its various departments of Biography, History, Travels, Novels | ud abroad. and Poetry, shall be freely put under contribution With, perchance, occasional exceptions, it is intended to give entire, the work which shall be selected for publication. When cir cumstances, authorize the measure, recouriwill be had to the literary store sof Continenta-Europe, and translations made from French Italian, or German, as the case may be.
