HOW STANDS THE CASE!

After all the smoke, and fire, and yelling of the Opposition, what signal advantage have they gained. They have elected their Governor and Lieutenam Governor, and have a majority in the Assembly: the Senate as heretofore is Democratic. But it should be recollected that their majority in the State last year was nearly 30,000, and the Assembly was composed of 100 Federal and 28 Democratic members. Now their majority is reduced to about 10,000, and we have elected 48 members of Assembly, to their 80. The Federal majority in this Senate district was upwards of 5,000 - now we have elected a Democratic Senator by about 1200 majority Another year of calm preparation on the part of the Democracy, and energetic action when the day of trial approaches, and the Federal candle will be snuffed out in the Empire State.
