Strange may it seem-the wretches live!

But on each murd'rer's head Forever rests a Nation's curse-A Nation's heart had bled! The wretches live!—the cause behold:

Stern justice hath decreed That they may reap, in misery long, The !ruits of their vile deed. Aye, ever, wheresoe'er they ruam,

In silence awful-dead, Before their harrassed eyes shall stand The spectre of the dead!

Serene and joyous though the day To others may appear, Their ears the aged mother's sighs In every sound shall hear!

And every breeze to them shall bear-Around them e'er shall arise, The stricken widow's piteous wail

At every step, in hideous shape,

Their ways with piercing thorns hedged

Thus, until struck by death's cold darts, Their bitter late shall be; And o'er their memory e'er shall roll The fires of infamy!
