

Lines of Mr. R. Emory's part of Conquest. Beg'd
at an old Oak stump standing in Wm. Saunders's
corn field, within the Land called Courneys point but
the Original beg's of the same Land called Conquest
and running from thence.

N. 63. 30 E. 101 perches to the S. E. by E. line of Courneys point
then with it

S 33. 45 E 352 perches then, or S. E. by E. 95. 15 E

~~N. 33. 45 E~~ N. 33. 45 E 50 perches then or N. E. by N. N. 56. 15 E.

N 40. 0 W. 122 perches then

N 40. 0 W. 92 perches then

S 70. 0 W. 21 perches, then

N. 00. 0 W. 36 perches, then

N. 62. 0 W. 44 perches, then

S. 77. 0 W. 60 perches, then

then with a straight line to
the old Beg. stump containing 130 acres of Land
more or less.

Correctly taken from a lease dated
the 16th day of July 1746. Emory

The Variation of the Compass.

Mr. Smith says in 1707 a Law was past respecting the Variation
of the Compass - that in surveying at that time decreed
that all survey 60 years old should have their degree
variation, but if older no more variation should be
given - But if younger than 60 years variation should be
be given at the rate of $\frac{1}{4}$ degree for every five years.
