

Don't put

Q What was your husband's physical condition when you first met him, name all sickness had by him and treatment therefor as known by you?

A He had a slight cough when I first met him, he appeared in fair health till about 4 months prior to his death then he commenced to have something like <sup>the</sup> dropsy, commencing in his feet & legs they "swelled up" he next complained of pains in his back and breast, and so complained till he died Dr Robinson treated him once or twice before he went to City hospital where he died. I cant say who treated him there I think Dr Robinson lives on Green Mt. Av. this city, thats his only sickness known to me. He never complained of pains of back and breast till his last sickness 4 months prior to death, he said he got his sickness in the war.

He was a rag buyer "or arab" when I first met him continued at that till he went to work on a farm near Waverly Balto Co. for Mr Lacey a book seller, on Lexington st near Chas. this city I cant think of any one who he worked for other than Mr Lacey-

Q Who knew your husband while in the Army  
A Mr Elias Stoeket of this city is his only comrade I know of.

John Joyce, Mary J Howe Mrs. Hoover, and Mrs Johns <sup>dead</sup> will know of him since the war.

I have understood my rights in this examination - & have waived them do not care to be present or represented by atty in the fur. Ex. of my claim - I have understood your questions & my answers have been properly recorded
