## Millinery at Its Best

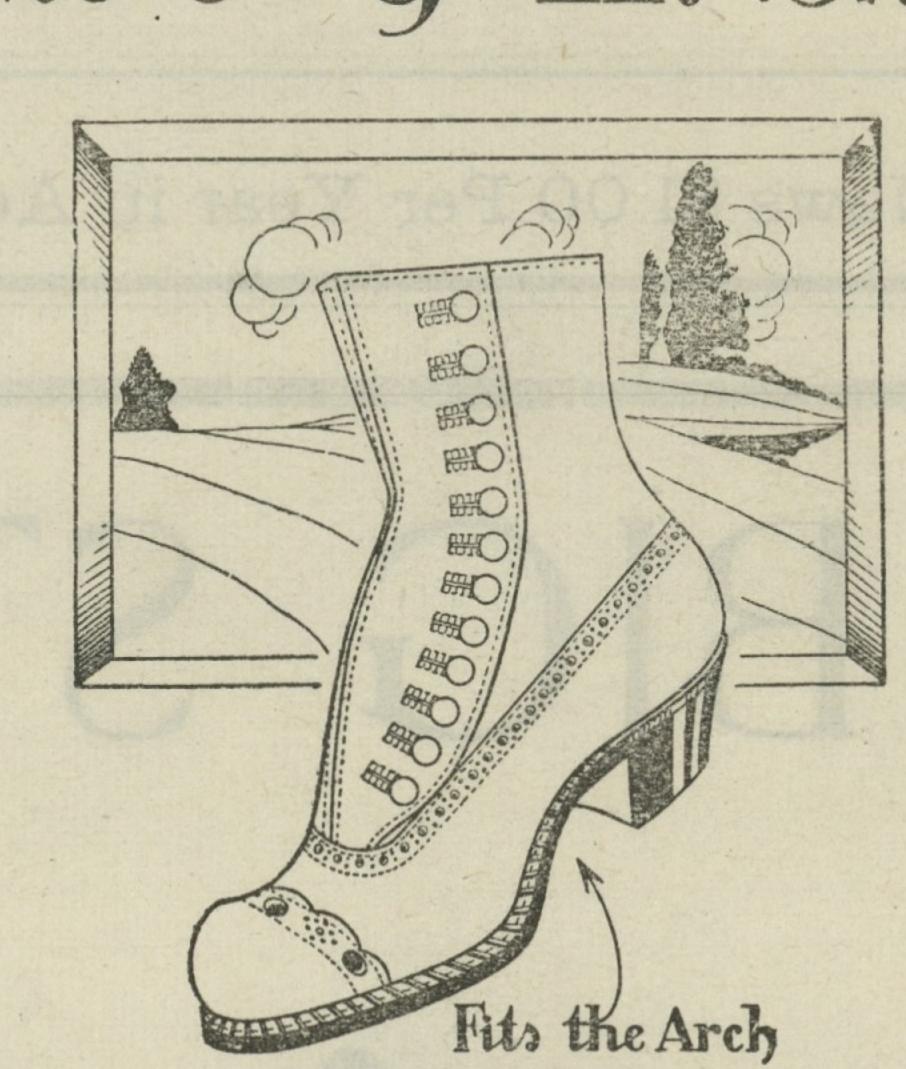

When the prevailing styles in Ladies' Hats tend to the smaller sizes and the more graceful shapes with not an abundance of trimmings, then it is that the young ladies and the "older" ones, too, take great pleasure in selecting what really is a handsome Hat.

The styles this season are just right and when you see a splendid assortment of the very new shapes and exquisite trimmings as are represented here, the desire to buy two instead of one Hat will possess you.

A new shipment of the most popular shapes arrived for today's selling.
