FISH COMMITTEE MEETS.

The committee named by the Legislature to confer with a committee from Phone 256. CHESTERTOWN the Virginia Legislature relative to uniform fish laws for the two States met Saturday in the office of State Senator Carville D. Benson and organized. Senator Benson was named chairman of the committee and Albert J. Almony

of Montgomery county, chief clerk of tary. The members of the committee present at the meeting were Senators Benson, Beck, of Kent county, and Chesley, of St. Mary's, and Speaker Trippe and Delegates Cummings, of Montgomery; Hopkins, of Harford: Dawkins, of Baltimore city, and Wilkinson, of St. Mary's.

Senator Benson was authorized to make arrangements with the Virginia committee as to the conference between the two bodies. It is expected that it will be held about July and probably will last about a week, during which a trip will be male over the lower bay and other waters lying between Maryland and Virginia.

It is said by persons familiar with the fishing question that unless Maryland and Virginia can agree upon uniform laws and enforce them the probabilities are that the Federal Government will take charge of the situation, as it did with migratory game. Something must be done, it is said, to protect the fish.
