MARYLAND LEGISLATURE NEW ASSESSMENT BILL.

The bill reported from the Senate finance committee for the general reassessment of property for taxation is in the usual form of such bills. It provides for the assessment or taxable valuation of all vessels or interests therein; of all the real property of banks or corporations; of all shares or stocks and bonds not exempt by contract, and for the taxation of the real and personal property of railroads in the same manner as the property of individuals.
The exemptions include the usual governfurniture; parsonages and all other prop- islature is practically killed. Its friends in the same church of equal prominence erty necessary for the use of places of wor- have tried to amend it to life but, as Colton and more generally known outside of Chesfor private gains; crops in the hands of the producer or his agents; family provisions; better wearing apparel; fish in possession of fishdetails of operations.

THE EXPERIMENT STATION. The Senate bill establishing an agricultural experiment station at Maryland Agricultural College was reported favorably labor, and was ordered to be engrossed for the Agricultural College site.
