When the Republicans were driven from power in Maryland they left the State burdened with a heavy debt and a State tax rate of thirty cents on the hundred dollars. NUMBER OF OUR VOTERS.—The Baltimore Sun publishes the result of the registration of 1889, and the figures are interesting. The total of voters registered is 92,567 in the 22 wards. Mr. Supple would give his colored brethern an "equal show" here too, of course. Then what vould be the just proportion of colored officeholders in Kent if the Republicans should carry the county?
