The following interesting letter from W. M. Slay, Esq., appeared in the Sun Wednesday: As a citizen and taxpayer interested in the welfare of the State, I have thought all winter of writing Governor Ritchie (and I may include The Sun) on his and its wise and courageous course in standing by his and his party's promises. And now Mr. Frank Furst, whom I had missed, comes home and in this morning's Sunpaper expresses my thoughts so well that I am entirely relieved of writing a personal letter to the Governor.

I simply want to say to him here that I and hundreds of others with no axes to grind, who are already paying all we can stand for the support of the State and Federal Government, are relying upon him and us. And as to Mr. Furst, with whom I am not always in accord politically, I say, may his vision continue to grow clearer and his right arm stronger in the cause of the people as he grows older.

ARBOR DAY

April 4th has been designated as Arbor Day by decree of Governor Albert C. Ritchie. Arbor Day has been annually observed in Maryland for tree planting since 1884.

LEGISLATURE NOTES

The Legislature will adjourn finally at midnight Monday after a 90 day session.

Few important bills have been introduced or passed during the session and fewer remain on the files. Many persons say that, with the exception of a few pending measures, it would be better if the mass of them perished on the files.

The Budget bill has been passed finally and the administration bond bills have been passed by the House and have been reported favorably in the Senate.

With no break appearing in their ranks, the State Senate "insurgents" Monday night gave final passage to the University of Maryland Hospital loan of \$1,375,000, which goes to the House for action.

The vote was 15 to 14, identical to that by which the bill was placed on third reading last Friday. Immediately afterwards the three other "outlaw" loan bills were passed as follows:

For the Love Point-Denton Ferry Boulevard, \$750,000. The vote on this measure was 16 to 13, Senator Copper of Kent county, changing from no to aye, as compared with the University bill vote.

For the Salisbury Normal School, \$300,000, with both Senators Byrn and Copper voting aye. This vote was 17 to 13.

The bill for a Constitutional amendment on a State bonus for World War veterans was passed by the Senate. The vote was 24 to 4, with Senator Fox absent.

The bill now goes to the House. The bonus amendment, merely authorizes the Assembly to pass bonus legislation, with a referendum clause, at the 1927 session. Hence three years must elapse and two State-wide votes taken, before a bonus can be paid.

Governor Ritchie, in a public statement, announced he will veto the University Hospital loan bill of \$1,375,000 and three other bills on final passage without administration sanction. The other three bills which he announced he will veto provide \$750,000 for the Love Point-Denton Boulevard; \$300,000 for the Salisbury Normal School and \$100,000 to establish Allendale school for negro feeble-minded children.

The Sandy Point Ferry scheme was killed in House.

The Sunday movie bill was killed in the House. Kent's delegates helped to do it.

BETTERTON NOTES

With the approach of spring the busy attitude which prevails throughout the summer, has begun to manifest itself. Most of the men are employed in fishing, while others are looking after their early gardens. On the other hand, the improvements which are being made on the hotels should predict a most successful season this summer.

The Patron's Club of the school continues its activity and interest. With the support of this willing body of workers the progress of the school is certainly aided. Nevertheless their aim is to obtain more members and a magnificent interest.

The Ladies Aid of the M. E. Church in spite of the disagreeable weather held an oyster and chicken salad supper last Friday evening. The weather, keeping many away, caused sufficient food to be left to enable a similar affair to be held on the following evening. This was nicely attended and a successful occasion was the result.

The local troops of boy scouts are enjoying many of the privileges afforded by their organization. Their interest and support with regard this work is now beginning to display itself. They delight in doing their good turns daily.

While watching the boys enjoy their outings and good times, the girls, not to be outdone, formed a local campfire club. They took their first hike last Saturday.

On last Tuesday evening it was the pleasure of the Ladies Foreign Missionary Society to entertain the Dramatic Club of Galena M. E. Church. After a pleasant supper, the visitors favored our community with their drama, "The Old Dairy Homestead." This entertainment was given at the local school auditorium.

Rev. and Mrs. Shockey have gone to conference. We sincerely wish for their return.

Miss Mooney, of Baltimore, visited her aunt, Mrs. Clarence Crew. She attended the dance at Washington College.
