Since the 5 Per Cent interest rate for farm loans became effective, the Kent and Queen Anne National Farm Loan Association has received applications for loans totaling \$73,000, showing the increasing popularity of this cooperative means of securing money.

If you are carrying a 6 per cent mortgage on your farm, which never grows less, why not transfer it to the Federal Land Bank and get the benefit of the 5 per cent interest rate, which reduces your mortgage principal every year.

If you desire to purchase a farm, the Federal Land Bank will finance the loan to the extent of 50 per cent of the purchase price at 5 per cent

No better means of financing farm loans has ever been offered than that afforded by the Federal Land Bank.

Come in and let me talk the matter over with you. Residence Phone 125 Office Phone 63J.
