THE GYPSY ROVER

The three-act musical comedy presented by pupils of the Chestertown High School, in Lyceum Theatre, on Monday and Tuesday evenings, was one of the best amateur entertainments ever presented in Chestertown.

I wish I had the space to compliment each child for the splendid way in which they handled their respected parts and also to those who entertained the audience with beautiful selections of music.

But being limited in space I must content myself with complimenting Vernon Needles and Emily Jewell for the masterful manner in which they handled the leading parts, they acted their parts like old stage veterans.

I am very thankful that I live in a town that has a school like C. H. S. that can produce such beautiful plays under the management of the faculty.

In conclusion wish to say that my hat is off to Miss Bryan who spent so much of her time in coaching and preparing these children in this play so that they would be at their best and I know that the public hopes she and her scholars will entertain us real soon with another of those wonderful musical entertainments.

ONE THAT WAS THERE.
