BOOSTER NEWS

We often hear complaints, some may be justifiable, but does it improve things? Do they lend a helping hand? Do they work without pay? Do they visit the boys and come to their meetings?

To the latter let it be suggested that a good way to overcome criticism is to try it for several weeks on Monday nights and you will not only see a business set of men at work, but men who are trying to do everything possible for the welfare of the public.

Does any recall last Sunday morning when the Siren was sounded? Was it cold that morning? Well it was only down to about 15 degrees but when you have to face a strong wind at a speed of 40 miles per hour (The boys say it felt like 40 degrees below zero) it does not feel like the good old summer time.

The railroads say Stop—Look—Listen, why not do that much for your own, who are ready to help those in need.

Many times you do stop. "Sleeping."

Many times you do look "With one eye open."

Many times you do listen. "But stay in bed."
We do not know who the next one will call for help, lets hope the reader will not. Boost then, but never knock. Boost is what brings us a fine donation in the form of a turkey, for the benefit of the Booster Club from one of our Kent County Boosters and which will be raffled off in time for Christmas.

FIVE GIRLS TO SEND TOYS TO KIDDIES

For the third successive year five little girls of this town are answering the call of Chief William J. Lutz, of the Wilmington Bureau of Fire, for toys to be given to poor and needy children of Wilmington after they have been remodeled, painted and otherwise improved by the fire department.

The five children are Gene Cooper, Margaret Ann Dukes, Jeanne Pippin, Ellen Bordley and Eleanor Russell.

Just before Christmas, 1927, the girls then from six to seven years of age, began saving and collecting toys to be sent to Wilmington to make glad the hearts of other children at Yuletide. They have kept it up ever since then.

Selective as a needle's point!

RESULTS you can't get with old-style tubes!

THIS very evening, in your own home, you can have the greatest radio yet produced—and pay no more than for sets offering none of the startling new features of the new Atwater Kent Screen-Grid.

Three stations within a tiny part of an inch on your dial—instantly separated!

Yes, sir! At last you can have a radio that radio engineers had almost despaired of ever achieving—a radio of 10-kilo-cycle selectivity—the goal of the laboratory's dreams!

And remember, along with this phenomenal selectivity you get every other better thing that Atwater Kent Screen-Grid Radio offers. Here! TODAY!

Due to the Prevailing High Money Market

It was necessary that the last issue of Federal Land Bank bonds should bear a higher rate of interest than issues immediately preceding.

Therefore the FEDERAL LAND BANK hereby gives notice that on and after May 1, and until further notice, all loans made by the Kent and Queen Anne's National Farm Loan Association shall bear interest at the rate of 5 1/4 per cent per annum instead of 5 per cent as heretofore.

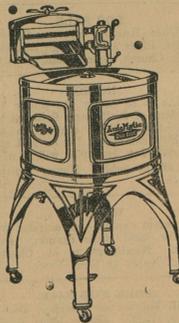

Come in and let us explain the provisions of a FEDERAL FARM LOAN TO YOU.

Gifts Carefully Planned Give much greater pleasure

THERE is real satisfaction in knowing that you have purchased your gifts with as much thought as possible. In knowing that the gift is appropriate, useful, and that it will be cherished by the person receiving it. Only then can you grasp the real meaning of the Christmas spirit.

Contrast this with the person who gives no thought whatever to the selection of his gifts until a day or two before Christmas. Spends a hurried moment in getting together his Shopping list—hoping that no one will be omitted. The next move is a mad rush to the store, mingles with the mob and feverishly tries to find "something that will do." Gone is the Christmas spirit—gone is the joy of gift giving. Luckily, however, NOLAND'S has prepared early for the Christmas shopper—has completed its stock of gift merchandise and is ready to serve you efficiently. At the right are a few sketches of the events that lead up to Christmas Eve. If you are a wise shopper, you will benefit from your past experience and the experience of others and do your Christmas Shopping early.

DO YOUR CHRISTMAS SHOPPING EARLY

NOLAND'S is ready for the Christmas Shopper. A festive air prevails throughout the store—the Christmas spirit reigns throughout. You will enjoy shopping here for our stocks are complete—the merchandise is new—and you will find plenty of willing sales clerks ready and willing to assist you.

Much has been said about shopping early—possibly too much, but it cannot be denied that it is ever so much more pleasant to shop early when the stocks are still complete—the store not overly crowded—and with plenty of time to give ample thought to your gift giving. Shop early.

It is now two days before Christmas—the usual crowd of late shoppers swarms about the counters—selections must be made hurriedly—the inevitable Christmas rush is here. Save yourself from this disappointing experience—do your Christmas shopping now.

It is Christmas Eve—the tree is lighted—the children examine the toys which Santa left for them—it is an enjoyable evening. What a pleasure to know that all the gifts have been wisely selected, carefully and neatly wrapped—correctly distributed. Thanks to your early shopping.

Results of Thinking

Benefits from never wasting anything are clearly emphasized if we, as a scientist would, think about the matter, consider our condition and possibilities of "arriving" if we are prudent.

Just notice how people who save regularly do succeed.
