**RUM, FIREWORKS FIGURE IN TRAGEDY**

With his wife dead from a bullet in the abdomen, his 8-month-old baby suffering from a bullet wound in the left leg, and Maryland State Highway Officer W. R. Storm, exhibiting a scratch on the end of his nose from a bullet, Vlore Duckworth, age 45, of near Warwick, Cecil county, was beginning to sober up Monday in the Cecil county jail to the plight into which a gun and Cecil county rum are alleged to have landed him.

Mrs. Mary Duckworth, who with her baby, James Albert Duckworth, was taken to Union Hospital Sunday after her husband is alleged to have done the shooting at their home, died Monday night about nine o'clock.

Duckworth was first arrested on a charge of shooting the officer, the bullet from his gun having grazed Storm's nose when the drink-crazed man defied arrest. The formal charge of murder was placed against him when Mrs. Duckworth died.

After firing the shot at Officer Storm Duckworth is alleged to have grabbed up a rifle he was overpowered.

Punk—Let's see, you're an optimist, aren't you?  
Wabbles—Somewhat. I believe the world is getting better every day, but I am not so sure about the nights.

**Famous Homing Pigeon Strains**

The homing pigeon traces ancestry to three types: The Smeria, a Bedouin bird with strong homing instinct; the English Pouter, famous for its physique, and the Columbe, which can fly for hours.

## 18-INNING TILT TO ST. GEORGES

In one of the longest extra inning games every played in that section the St. Georges leaders defeated Newark in the Chesapeake Bay League on Saturday at St. Georges, 19 to 9. The game went 18 innings.

St. Georges had the game apparently sewed up, 8 to 1, in the seventh inning but St. Georges errors and some good hitting by Newark allowed the visitors to tie it up in the ninth at 9 to 9. From then on the game was good with McCarthy and White pitching steadily.

In the eighteenth Moore singled and went to third on Roberts' base blow. Moore was caught or third base, however, and Roberts went to second on a passed ball from where he scored on Bouldens fourth hit of the game.

The game was poorly played until the ninth. The pitching was ineffective, and the hitting was loose.

**MIDDLETOWN BUMPED**

Middletown was forced a step lower in the Chesapeake Bay loop by suffering its eighth defeat at the hands of Galena, 7 to 6.

Lockwood and Rawley strated for Galena and Middletown, Johnston and Armstrong finished for their respective teams. For the visitors, Glen Daniel, Johnston led with the willow.

**CECILTON COPS**

Kennedyville continued its lagging pace in the race for Chesapeake Bay League honors when the local club scored a 7 to 3 win.

**MARKETING CONFERENCE AT COLLEGE PARK**

Kent farmers, who have, in previous years, attended Farmers' Day at the State University will want to attend the larger event this year. Since marketing is a main farming problem, four days August 12-15 are to be devoted to conferences on marketing problems. The best men in the field of cooperative marketing are scheduled to discuss their work in large joint conferences during the mornings. The afternoons are to be spent in commodity group discussions. Many Kent farmers should attend. Tuesday, August 12th, is designated Poultry Day with an appropriate program. Externally low rates for room and board at the university are offered. This conference should be of great value to all whose products are to be marketed cooperatively.

## LITTER CONTEST ENTRIES CLOSE TUESDAY, JULY 15

Farmers of 4-H Club members who contemplate entering the 150-day 1500 pound litter contest should remember that July 15th is the latest date entries will be received. The litter must be entered before it is four weeks of age. The pigs must be ear marked for identification. The contestant should keep account of costs, so to determine the cost of gains. Entries may be made through the County Agent or through the Secretary of the Maryland Stockmen's Association, College Park, Maryland.

There is a \$25 prize for the heaviest litter in each county; also three State-wide prizes of \$100, \$75 and \$50 respectively. This means some \$125 prize money. The pigs must be ear marked for identification. The contestant should keep account of costs, so to determine the cost of gains. Entries may be made through the County Agent or through the Secretary of the Maryland Stockmen's Association, College Park, Maryland.

Several Kent growers produced over ten tons per acre last year. Not all of them entered the contest. Walter T. Morris, former 4-H Club member, was Kent's high man, so far as is known, with a yield of over thirteen tons per acre. He is competing again this year. It is hoped many others will enter this constructive contest.

**A LEAK IN PIG PROFITS**

A matter of interest to those who have pigs to sell is mentioned in a letter from a livestock buyer. Last year this man bought about \$20,000 worth of feeder pigs on the Eastern Shore from dealers and farmers. Less than 10 per cent of the males were castrated—even shoats weighing to 100 pounds. The buyer cites the fact that these pigs would have netted the farmer more money and found a ready sale had they been castrated when four to six weeks of age.

Here is a type "Self-help" that is worthy of consideration. The letter continues "Anything you can do to improve this fact on the farmers, would make a better market for the quarter of a million dollars worth of feeder pigs sold here on the Eastern Shore every year."

**MANY BIDDERS AT ANTIQUE SALE**

Thousands of persons interested in antique furniture attended the sale of the Holland antiques at the late home of John E. Holland at Millford on Monday, Tuesday, Wednesday and Thursday of last week. The biggest day's proceeds was registered on Monday when the total was about \$18,000. On Tuesday the sale approximated \$6,000 and on the two last days smaller amounts were realized. It is believed that the sale will amount to about \$30,000.

In a battle for possession of a Hepewhite mahogany sideboard between former Senator L. D. Short and John Whitney, of New York, the latter won out when he paid \$2,000 for the piece. This brought the highest price of any of the pieces of furniture sold. Several desks, chests of drawers, chairs and sewing tables also brought high prices. In fact, those in charge of the sale state that everything sold at approximately the retail price, so that the dealers had but very opportunity to pick up pieces of antiques at bargain prices. The beautiful home and grounds will be sold at a later date.

## 10 TON TOMATO CLUB IN ACTION

The County Agent reports a number of entries in the Ten Ton Club Contest, which is a competitive effort to produce ten or more tons of canning-house tomatoes on each acre grown.

This contest, with prizes and certificates, is in keeping with the Extension Service Slogan "More Tomatoes from Fewer Acres." The profit in tomato growing comes from the extra tons per acre produced over and above the average yield.

Tomato growers aspire to make a profit on their tomatoes also to be better than "average" in their skill. The competition is an incentive to inspire growers to use the best known methods, suitable varieties and proper fertilization. A bulletin is available for those who ask the County Agent for it, also entry cards. All entries must be in the hands of the County Agent on or before July 1st.

Several Kent growers produced over ten tons per acre last year. Not all of them entered the contest. Walter T. Morris, former 4-H Club member, was Kent's high man, so far as is known, with a yield of over thirteen tons per acre. He is competing again this year. It is hoped many others will enter this constructive contest.

**The Pastor Says**

In the midst of time and space, the spiritual man lives a timeless and spaceless life. . . . A surprisingly accurate rule for finding the proper length of a sermon is to extract the square root of the number of minutes devoted to its preparation.—John Andrew Holmes.

## Local Church Notes

(Continued from Seventh Page)

**Chestertown M. E. Church**  
10:00 A. M. church school. The lesson theme will be "A Pioneer of Faith." The pastor will begin a series of Bible study methods with a comprehensive review of the Old Testament Books and outstanding characters of that period. You are cordially invited to study and worship with us.

11:00 A. M. morning worship service. The pastor will preach a sermon on the subject, "Three Attitudes." Remember the Sabbath Day to keep it holy. Awake, awake, put on thy strength, O Zion. Break forth into joy, sing together; for the Lord hath comforted His people. He hath redeemed Jerusalem. All the ends of the earth shall see the salvation of our God.

7:00 P. M. evening twilight service. The pastor will continue the study of the social rebuilders of ancient times. A thrilling incident in the life of Elijah, the greatest of the pre-literary prophets, will be used as the basis of the pastor's remarks. A gospel hymn-sing will precede the preaching of the sermon. Come out and sing these familiar gospel songs with us. The service is scheduled to last one hour.

Wednesday evening, 7:30, prayer and praise service in charge of the pastor. We are studying the history of the early Christian Church in these services. You are cordially invited to worship with us.

Thursday evening, 8:30, at Hotel Rigby, Betterton, Annual Outing and Dinner of the Young Men's Bible Class. The By-Kota Club is also participating in this program and outing. Tickets are on sale by members of both clubs.

**Scholarships**  
School of Engineering

Scholarship Applications in the School of Engineering, established under provisions of Laws of Maryland, Chapter 90, 1912, will now be received. If there is more than one applicant for a particular scholarship, competitive examinations will be held Friday, September 19, 1930, beginning at 9 A. M.

Each Legislative district of Baltimore City and each county of the State, with the exception of Anne Arundel, Dorchester and Frederick, will be entitled to one or more scholarship for 1930-31.

Scholarships are awarded only to deserving students whose financial circumstances make it impossible for them to obtain engineering courses unless free tuition be granted.

The scholarships entitle the holders to free tuition, text books, and exemption from laboratory fees. One scholarship in each county and each Legislative district of the city, with the exception of the Fifth and Sixth, carries also the sum of \$200. Scholarships may be awarded to graduates of Loyola College, St. John's College, Washington College, Western Maryland College, University of Maryland (Maryland Agricultural College), Mount St. Mary's and Rock Hill College.

Applicants should address the REGISTRAR, JOHNS HOPKINS UNIVERSITY, for application forms and catalogs of information and regarding examinations, awards of scholarships and courses of instruction. The next session begins Tuesday, September 30, 1930.
