Terms: \$1 Per Annum in Advance.

Garden Gleanings.

shaded spot out of doors. Berbevis Thunbergii is a desirable or-Always cut cucumbers from the vines we have manufactured a stock that SPECIAL ATTENTION GIVEN TO THE SALE with a piece of the stem attached. After the flowering season most of the bulbous plants are anything but attractive. standard fabrics are here in plenty, These may be lifted as soon as leaves begin and price, style, quality and making to wither, laying them in clumps in a shady place, with some soil over their have all received our personal care. lower parts to insure perfect ripening.
Store in a dry place until another planting

For Insects on Rose Bushes.

The most effective insecticide that the Rural New Yorker knows of is the o Grishurst compound. Two ounces dissolved in a gallon of water will destroyl ice (aphidæ), thrips, slugs and, in short, all sorts of insects that infest rose bushes except rose bugs. It is claimed also that it will destroy mealy bug, scale and mildew. authority quoted says: "The only remedy we have found for rose bugs is pryethrum or buhach powder. Use two heaping table-spoonfuls to two gallons of water and spray the infested plants."

The Peach Tree Borer.

mounding the lower parts of the trunks with earth or wrapping them with some substance to prevent the moth from laying eggs there, and the other is to repel the moth by washes. According to Orchard J.H. SIMPERS and Garden the first method is apt to make the bark tender and is too laborious. For the second, thin one quart of soft soap with ten times its bulk of water, then add Has received and offers for sale a carefully selected one pint of crude carbolic acid. Apply latter part of June and July with a brush to the base of the tree.

Ensilage for Hens.

This fact is wellknown to those who have used it for their poultry. If they will eat corn ensilage they will also eat that c made from grass. In storing ensilage the wants of the hens should not be overlooked. A large hogshead, with green food pressed using such materials the best results are a Notions Stock. obtained by cutting the green food when it is nearly mature, instead of using that which is young and watery.

Pickled Peaches.

Pare your peaches and fill your jar with them, being careful to shake it well in or- closed out at BARGAIN PRICES. der to pack them closely. Cover with good cider vinegar. Pour off the vinegar, meashalf a pound of sugar. Boil the vinegar and pour over the peaches. Repeat this four or five times, adding more sugar if peaches are nearly done place your jar in a vessel of cold water and let it come to a goop boil. When peaches are sufficiently

THE disease of "yellows," which threatens to decrease the splendid crop of Eastern Shore peaches, now ripening, has afflicted the crops of Delaware for several years, and, to the utter dismay of the scientists at the United States Agricultural Department, nothing can be done to prevent its ravages. Until now they have not even succeeded in proving the method of spreading the contagion. For this purpose, great clods of infected (?) Delaware earth have been transported to Wisconsin to be packed around the peach trees growing there. The results will be watched with interest, for when a specific cause is found, a sure remedy is not

far distant. If one does not know what ails his horses' eyes and makes his harness crack, let him take up the planks under the stalls. An accumulation of dust, manure and urine six inches or two feet deep is sending off ammonia constantly. Cleansed out and TARIFF OFF OF SUGAR AND put on the garden, nothing makes it grow better, and the stable will be a more health-

Think-

IS CHEAPER than any other dressing at any price, be it 5 cents, 10 cents, or 25 cents, you can convince yourself by wearing one shoe dressed with Acme Blacking and the other shoe dressed with whatever happens to be your favorite dressing. While Acme Blacking will endure a month through snow or rain, and can, if the shoe is soiled, be washed clean, the other dressing will not last a single day in wet weather. Your shoes will look better, last longer and be more comfortable if dressed with Wolff's Acme Blacking: WOLFF & RANDOLPH, Philadelphia.

J. R. WOOD, General Passenger Agent.

I have learned the business thoroughly and have given my study, and had much experience in the work of Horse-Shoeing. For this reason I think I am better prepared to do Horse-Shoeing than shops which do all kinds of Blacksmithing.

My system of Shoeing prevents CUTTING and FORGING and preserves the horses' feet.

My best recommendation is the universal satisfaction of my customers, and I have no hesitation in referring to any for whom I have done work.

My prices I guarantee to be as low as the lowest.

Horsemen! Come and see me, and I will save (successors to F. J. Carter, Chestertown.)

> You will find a FULL LINE of VARNISHES, PAINTS, OILS, GLASS, &c.
