Artificial Butter and Butter Swindles.

oleomargarine, "butterine," etc., was instithe part of the farming community, who that decides our fate. feared the utter abolition of a market for blame as a Judas.

A David who goes wrong is as much to blame as a Judas. their product. This fear has by no means been fulfilled. However, farming interests A key that unlocks heaven ought to fit any church door on earth. sive character, whereby artificial products | who is mean to his wife.

That the law, both as to sale and advertising, is in many instances evaded, must be evident. Thus these prohibitory laws work injuries to large and beneficial manufacturing interests; but at the same time, it must be admitted that these very restrictions have, in no inconsiderable measure—

o man is so weak that he may not become an emphatic voice by which God may speak.

Religion pure and undefiled does not leave all its money at home when it goes to church.

The worst moral bankrupt always has enough assets to start business as an infidely that, at the present moment, so-called "but, us. terine," or oleomargarine, can be boughon the market, which, while representing
in exact chemical constituents the products
of the dairy, is at the same time, much
cleaner and purer and more uniform as to
quality. Artificial butters have come to
stay. Already they are found on the tables
of the wealthier and better classes. It is
notorious that manufacturers of these pronotorious that manufacturers of these pro- Bible. over, artificial butters possess one insuperable superiority, in that decomposition, through lactic fermentation, is impossible. The Lord we need not trouble ourselves Again, they are never salvey in character. about the harvest. To those who profess abhorrence to the factory products, the query might be well propounded: What object is there in fos-

tering exclusively the dairy, when it forces upon the public a product that is largely inferior, extremely variable as to constituents, and, in the majority of instances, sus- how he was discharged, and how he got a picious as to handling and making? So pension cerned, the butter purchased is in a condition closely bordering upon decomposition, country by emigrating to America. He whose sole claim to superiority is that it is landed in New York, where he fell in with derived from animal sources, through the some of his countrymen and went on a medium of the udder. On the other hand, drunken spree. When he became sober he pocketbook of the purchaser.

in the large cities of the West is of this ing business on the Choptank river. CHESTERTOWN. the same from skim milk. Among other pension, and gets a very liberal monthly parations of this class sold is one which allowance. Indiana, termed "black pepsin." It is simply necessary to say that there is no such thing as black pepsin; and further, may be added, there is no pepsin whatever in the sses an absolute value of less than three

compound. This, hawked about, at the cents, it being simply a preparation of salt and annatto, with a small quantity of rennet added. A mere tyro in chemistry will readily recognize that this does not increase milk is due to a fat that should be entirely foreign to the dairy. In other words, this cipitates an average of 3.64 casein, in addi As a result, the final "butter" is considera as an article of food-judging from a standpoint of nourishment alone-than the poorest oleomargarine. It is a fact that butter contains a small

portion of casine, which is taken from the milk; but the best butter contains the least. The changes in butter which render it rancid are dependent upon the alterations in the casine, which acts as as a ferment and iberates fatty acids. It is readily under-Scythes and Sneaths, Bush Hooks, Pruning Shears, stood therefore, that the less casine, the better the butter will keep; and the more there is, the worse it is for the product. membered, is a fatty substance, made up of non-nitrogenous elements. Casine, on the here that while butter absolutely free from casine is a comparative rarity, so also cheese that is absolutely free from butter is equally as rare. Cheese per se is composed

almost wholly of casein, and a compound very difficult of digestion. Butter, on the contrary if pure, should be assimilated with the greatest care.

Truth is Stranger than Fiction.

One of the most remarkable and puzzling cases of somnambulism is told by the Bishop of Bordeaux. The subject was a young ecclesiastic at the seminary. The beginning of some of these somnambulistic or sale by M. A. Toulson. sermons and thought them well composed |. and correctly written. Curious to ascertain whether the young man made use of his eyes, the Bishop put a card under his chin in such a manner as to prevent him As the Hot Season Advances so are We seeing the paper on the table before him, but he still continued to write. Not yet satisfied whether or not he could distinguish different objects placed before him, the Bishop took away the piece of paper on which he wrote and substituted several other kinds at different times. He always FRUIT, POULTRY, EGGS, &C.
