Exercise Delightful

"There is a lot of talk going around these days about the best way to take exercise," he said, "and most of the suggestions smack of hard work. This business of getting up in the morning and pushing dumb bells or swinging Indian clubs is all well enough weight by exercise, and I tried the Indian club business. Probably it did me good, so many swings with the Indian clubs and known. Pills of American manufac- so many punches with the bells before of it interfered with my work by day. On the whole, it did me more harm than good. They do like the music of a good band. Now, why not form a walking club and hire a band for it? Do you catch the idea It's great isn't it? and its new. If 50 men would subscribe for such a club the dues wouldn't be heavy. Form the procession up town, you know, and pick up the different members of the club and walk them down town every morning to their places of business, 'Liberty Bell,' 'Washington Post,' 'Boulanger' and all that, you know. It's great! I think it will be a go. Taing to see some friends about it and find easy Club! How's that?"-New York Sun.

THERE may be a slight increase in the cost of sugar to consumers under the new tariff bill, but in any event it will hardly be perceptible. Under the McKinley bill the people paid over \$20,000,000 of taxes to the Sugar Trust and \$12,000,000 as bounty to sugar producers, making an aggregate tax of nearly \$35,000,000 not a dollar of which went to the Treasury. Under the new tariff law the people will pay a very slight increase of taxes on sugar, but the Treasury will be benefitted to the extent of some \$40,000,000 a year, and that amount of money is absolutely necessary to enable the government to pay the fixed expenses saddled upon it by the profligacy of the last Republican administration. The sugar taxes the people shall pay under the new bill they will pay into their own Treasury and get the benefit of it themselves, while under the McKinley bill they paid nearly as much solely for the benefit Our of the Sugar Trust and a few sugar pro-

Says the Middletown New Era: "It is a fact not generally known we believe even among those who raise the vegetable in large quantities, that ripe tomatoes will weigh heavier than green ones. A gentleman who has weighed soveral thousands of baskets within the past week remarked the other day that the same number of green tomatoes required to weigh a ton if filled with perfectly ripe tomatoes will weigh 200 or 250 pounds more. Thus it will be seen that the farmers who sell the vegetable to the factory will receive far better results by waiting until the sun has done its work and picking nothing but ripe tomatoes."

____ THE partial eclipse of the moon last Friday evening was observed by many thousand people. At 10.30 the shadow began to show itself. The eclipse looked as if a piece had been scooped out of the top of the planet, but aside from this it seemed to be doing business as usual. At 11.23 o'clock the eclipse was the greatest and at 12 20 o'clock it was over. The next lunar eclipse will occur on March 10, and will be total and visible here. . .

There are many good points about these shoes; one is, they give a pleasant sensation to the wearer because they don't heat up the foot. The absence of all oils in the leather makes them just the shoes for tender feet, as there is no burning or rasped feeling to the foot.
