Afternoon Concert At Chautauqua Cancelled When Leader Is Delayed

Hurrying toward Chestertown in order to give a free concert in the public square shortly after noon on Monday, the truck bearing Shadwell's Boy Scout Band collided with another car near Cecilton. The force of the crash threw five of the members of the band from the truck cutting and brruising them rather severely.

The five injured members of the band were rushed to the Middletown, Del., hospital, accompanied by the leader Mr. Shadwell. Because of Mr. Shadwell's absence the afternoon program at Chautauqua by the band had to be cancelled. In the evening a double program
