First Of Betterton Swims a Success

M. M. Howard, of Wilmington, scored the highest number of points in the senior boys' class of the first round of the annual swimming meet which started here this week to continue throughout the summer in weekly series of events.

The meeting is being directed by Morris Touchtone, Yale coach. Special prizes are being awarded each week and trophies will be given at the close of the season when the Betterton championships for boys and girls will be decided.

Following are the results of today's events:

Senior Boys—Twenty-five yard swim (free style), won by M. Howard; J. Grasser, second; P. Ninemeyer, third; M. Jacobs, fourth. 100 yard swim (free style)—won by M. Howard; J. Grasser, second; P. College Prepares For Football Training

With the start of the annual preliminary training period for Washington College football less than a month away, the grid authorities are busy in preparation for the arrival of the squad.

Graduate Manager William R. Howell announces that the game scheduled with Blue Ridge College for October 8, at New Windsor had been cancelled. This leaves an open date on the schedule which he is trying to fill.

Coach Phil Brown is expected to arrive here within a few days and the squad will hit town a day or two after Labor Day or about September 7.

With a little over two weeks of training before the opening contest with University of Maryland at College Park on September 24, Coach Brown will have to send his gridgers thru stiff workouts to get them into trim.

The schedule as it stands at present is as follows:

September 31—University of Md., at College Park.

October 1—U. S. Marine Corps, at Quantico.

October 15—St. John's College at Chestertown.

October 22—Swarthmore College at Swarthmore.

October 28—Loyola College at Baltimore.

November 5—Mt. St. Mary's College, at Chestertown.

November 12—Temple University at Philadelphia.

November 19—Drexel University at Philadelphia.

Customer: "I am looking for a book that will interest a youth of about seventeen or eighteen."

Clerk: "Sorry sir, but we haven't any of that type in stock just now. You see, we've been raided twice this month."

Student (at box office)—Two tickets, please.

Ticket Seller—"What date?"

Student (absently)—"Mary."

Kennedyville Trims Providence Fourth Time

For the fourth time in as many contests Kennedyville topped Providence last Saturday 9 to 0. The game was played at Providence.

"Tough" Groff was the winning twirler and turned in his best game since becoming a member of the Kennedyville nine. Striking out 14 men and allowing but a single hit, Groff, was at all times the master of the situation and deserves great credit for his performance.

The Kennedyville nine has had but little trouble with the Providence team this year as the clean sweep of the series would indicate. Cecilton and Charlestown has given the county nine more trouble than any of the local clubs they have played. Charlestown won every contest in the first half and has not lost a game as yet in the second half.

Jack (in fiver with one minute to catch a train): "Can't you go a little faster, Bill?"

Bill: "Sure, but I don't want to leave the machine."

Wilson Named As Head Of Plebe Sports

Johnny Wilson, former St. John's College star athlete, whose brilliant performance helped to defeat Washington College on several occasions, and lately connected with the sports department at the United States Naval Academy, has been named head coach of plebe football, basket ball and baseball teams.

Wilson has been first assistant football coach for the varsity for some years and last year was head mentor of the basketball squad.

Local Shooters In In Delaware Meet

Two Chestertown gunners, J. B. Metcalfe and C. A. Bacon, entered the Yorklyn, Del., shoot last week and though not winning turned in good cards.

Out of 150 possible targets, Metcalfe broke 138 and Bacon 118. Morris Crothers, Philadelphia amateur, was the winner of the shoot when he broke 149 targets out of the 150.

No Disgrace in Defeat

Another Helen from Berkeley, Calif.—this one Helen Jacobs, who is this year causing a stir in Eastern net circles. In the Manchester Mass., finals she was defeated by champion Helen Wills—but she showed great promise for seasons to come.

Don't go around with a man's wife unless you can go ten rounds with him.

He: "How are you going to vote, my dear?"

She: "In my green velvet walking suit with a hat to match."

Large Lady (beamingly): Could I have a seat near the stage, please?"

Box Office (surveyingly): "Why certainly. What row do you want?"

Fat Lady, (indignantly): "Don't get fresh, young man!"

SPLASHES IN SPORTS

The Channel Swimming season is with us. There has been one successful attempt and several unsuccessful ones already.

There is talk of stationing a traffic cop in mid-channel as the route may become congested before the season wanes.

There is still room for the first mother-in-law to swim the channel.

Of course if her son-in-law learn of the attempt she may have difficulty in landing for if she makes it one way they will probably want her to turn around and try going back.

It seems that Estelle Taylor, Jack Dempsey's wife, is ill from taking anti-fat preparations.

She should train a few weeks with her husband. His pace is guaranteed to reduce.

"Tough" Groff, Chestertown twirler, who does his tricks for Kennedyville lives up to his name according to opposition.

Saturday he fanned fourteen and allowed but a single hit.

Pretty tough on the batting averages, I'd say.

The under water swim in the Betterton meet reminds one of the two Scotchmen who competed in a match swim for five dollars a side.

Two days later they were both pulled out, drowned.

Won't belong now before grunts will be heard on the inside of the fence enclosing Washington field.

A letter from Coach Brown, says he has discovered seven new ways to take off fat and put on muscle.

None of the seven includes French pastry, late to bed, late to rise.

He will still use the stomach slide as a conditioner.

Health Demonstration At Chautauqua

Prominent among the attractions and special features for this year's Chautauqua is C. Rucker Adams' system of health study and physiological exercise, which is said to be creating widespread interest wherever introduced.

This should be a splendid opportunity for all health seekers and every one interested in how to keep well. Relaxation from the tension of business and thirty minutes devoted to applying nature's laws and acquiring a knowledge of how to properly care for the body under the instruction of C. Rucker Adams or his wife, is said to convince the most skeptical person that their method is invaluable.

This natural system of physiological exercise teaches the principles of health, how to attain and retain it.

"Study thyself. Let nature's laws, well directed and understood, be put into usage," says Mr. Adams.

Enthusiasts from all parts of the country, lawyers, ministers, bankers, teachers and the best thinkers have studied this system and are said to be in agreement as to its benefits.

Mrs. C. Rucker Adams is said to be equally proficient in conducting the work of health study among her general audience, and in special classes for women, children or teachers.
