KENT WELL SERVED

Senator S. Scott Beck, Kent's leader at the recent General Assembly, in an address before the Chestertown Rotary Club sketched the accomplishments of the Assembly from a Kent County view point.

Messrs. Beck, Bowers and Brice, congratulations.

207—COUNT THEM

Unprecedented prosperity for 207 Americans, 132 more than last year—as shown by income returns; citizens with an income of a million dollars or more, is the subject upon which many of the nation's fancy writers are now painting pretty pictures for all to admire.

Of course this is all the bunk. The returns by no means show that prosperity for 132—or 207—is well distributed prosperity, and that is the thing we are all most interested in.

It is a fact that a fraction of 1 per cent pays 95 per cent of the income tax. Also, that 82 per cent do not make enough to pay any income tax. Therefore, if only a fraction of 1 per cent makes the greater part of the profits, that obviously means that our alleged prosperity is not a well distributed or a healthy prosperity.

We don't know the names of the fortunate 207. We will hazard a guess, however, that not a few of them enjoyed the privilege of extorting gain from the consuming millions through the tariff. It is also possible, under this scheme of things, that the 82 per cent "paid their tax" direct to the fortunate 207.

And, as long as we are in the guessing mood, we will take one more fling. That in the list of the fortunate 207, who are now enjoying "unprecedented prosperity," you could not find one farmer or agriculturist's name.

NO WAR, THANK YOU!

Americans have a high regard for the rights of other people. Therefore, America rejoices in the determination of its President that the United States shall not be dragged into a war with selfish powers to crush the nationalistic hopes of the Chinese people.

There is no denying that an effort is being made to embroil us with other nations that have selfish aspirations there. This we hope is checked for all time in President Coolidge's peremptory instructions to our military representative in China last week.

The tearing of an American flag by a few war-crazed Chinese cannot persuade the American people that our soldiers should be sent to further the game of European capital which sees in the tremendous rising of the nationalist spirit a grim determination of the Chinese to assert and maintain their sovereign rights.

A PARENTS PROBLEM

One day a father near Christmas time told his young son that he was going to give him an unusual gift for Christmas. This naturally got the boy's curiosity aroused. When Christmas time came around the boy was real anxious to find out what gift he was going to receive from his father.

It is not a boy's problem which we face today, but it is a man's problem.

CHRIST FOR ALL—ALL FOR CHRIST

IT SURELY WILL.—Be sure your sin will find you out. Numbers 32:23. PRAYER.—"Plenty grace with Thee is found, Grace to cover all my sin; Let the healing streams abound, Make and keep me pure within."

Was man created in God's image? Answer, read—Genesis 1:2, 27.

and a parent's problem. Whenever the fathers and mothers wake up to the situation, then the boy problem will be solved.

If you assume parental responsibility you certainly must accept your responsibility in playing a parent's part, giving your time and putting forth every effort possible to see that your child has the opportunity for proper development and growth.

U. S. Government Helped film "Tell It To The Marines"

The thunder of big guns, desperate battles in sun-baked plains; laugh after laugh as Uncle Sam's fighters, prankish boys under the brass buttons, initiate a newcomer—and a vivid lesson in what the Marine Corps can do for the youth of America—these are parts of the wonderful story shown in "Tell It To The Marines," which comes to the Lyceum Friday and Saturday of this week.

It has comedy galore; excitement that reaches a frantic pitch and romance as sweet as violets—all woven into a gigantic tale of adventure.

The government co-operated with the studio to portray life in the Marine Corps successfully in the film—hence mighty scenes aboard battleships and the view of a great battle fleet, its guns roaring in grim battle practice. Hundreds of grim-faced regular marines in a huge battle on Chinese plains, and other striking scenes are in this film.

Lon Chaney, creator of weird characters, weaves an even greater illusion than these, as the crusty, hard-boiled Marine sergeant, ruling his company with a rod of iron. One might well imagine him just stepped from the ranks; he does not play a Marine fighter—he literally is one.

William Haines is a frolicsome boy as the recruit—but a real fighting man when his sweetheart is in danger and his country needs him—typical of the youths of the great service. Eleanor Boardman makes a beautiful heroine and Carmel Myers is a creature of exotic charm as the South Sea vamp, Maurice Kains, Frank Currier and Mitchell Lewis are also in the cast.

He kissed the parlor maid and the girl screamed. The wife came in and looked around suspiciously. "Fif, why did you scream?" "Through joy, madam. The master has just doubled my wages."

Old Gentleman: "When I was a lad I used to think nothing of a fast twenty-mile walk." Tommy: "Well, I don't think much of it, either."

How far will your car go before the miles begin to tell? If you buy a new car every 10,000 miles or so, almost any car will give you satisfactory results. But if you want the same fine service on through the second, third and the many following tens of thousands of miles, buy a Buick! Accurate tests at the great Proving Ground of General Motors, where all cars are driven and examined, show Buick's sturdy structure and powerful Valve-in-Head Engine still gaining in efficiency at the point in miles where other cars are distinctly on the down grade.
